Club Assembly

From the Board

President Ron:

The Club's By-laws are currently being reviewed and should be available for member's comments by mid November.

An extract was read to members from the District 9520 Club Service News titled The Good News :

"The Rotary Club of Unley has set the example for all of us to follow. They had an Interest Meeting recently and had 29 potential members attend. I attended the meeting and was most impressed with their approach to membership. The meeting was well structured with some excellent speakers who spoke about what it meant to them to be a Rotarian. These potential members are now being followed up and already four have been inducted into the Club. I understand that more new members will be inducted over the next few weeks. Last week I received a copy of Unley's Business Plan. This is a well thought out document that has been developing over the past three years and provides them with a sound basis for growth. They will now be able to measure their growth and achievements against their objectives.

The Rotary Club of Unley has now bought their web site up to date and is one that all clubs should try to emulate. Congratulations to President Ron and his team. We look forward to other clubs bringing themselves up to this level."

Theo Ruckett Co-ordinator

The District Vocational Directory has had 13 members indicate an interest.

The Board is currently looking at procedures to address Risk Management, Emergency Procedures and these should be available for members to review in a couple of months time.

It was reported that the Membership Committee has a budget of \$4,025 and as of the 30th June 2004 there was an \$11,600 surplus in the Membership Account. The \$3,500 drawn from the Project account will now be available for projects.

The 2004-2005 Business plan will be available on the web site hopefully in the next week.

The Director of the Sergeants is asked to conduct an inventory of the club's property.

Neville Highett is on Leave of Absence and John Nowland has been appointed as the deputy in his absence
