From President Ron

- President Ron has received a letter from The Mayor of Unley Michael Keenan asking if our club has had an exciting, amusing, significant or disastrous event that we can send to council for possible inclusion in a book being published to celebrate the centenary of Unley becoming a city in 2006.
- We were to induct Reno Elms last week as a new member. The arrangements "went off the rails" and we will now induct him on Tuesday the 14th of June 2005. Jerry Casburn will also be presented with his dinner plaque that night.
- The Rotary Club of Port Lincoln has written a letter of thanks for the donation towards the Bush Fire appeal. It is their plan to supply infrastructure to the community for assistance with any future fires. The main contribution will be improved water refilling facilities for water bombing aircraft. This was a deficiency with the recent fires.
- We have received a postcard from Barb and John Russell from Madrid. John writes "Although our tickets showed that we were going "MAD" we are still normal." They are having a great time and are off to Barcelona.

Our Guest Speaker: New Generations

Joan Reed, Chairperson of the New Generation Committee, introduced the theme of the night. Students whom we sponsored were highlighted with Ann Lee (Pan Pacific Piano Camp attendee) playing her music in the background. Also the 2 students that attended the Health of the River System and Lucy Cogan who participated in the RYPEN program sent apologies. Jill Reynolds introduced Karina Turci who attended the National Youth Science Forum in Canberra during Jan this year. Karina gave an overview of her experiences of attending this forum. She has found it quite a thought provoking experience in that she has decided to change her career path and broaden her horizons with her idea on study. She is very interested in more of the Rotary programs and it was a pleasure to see how much Karina enjoyed this experience. Karina was presented with her certificates of attendance and President Ron was presented with a certificate to acknowledge the clubs involvement in this program.

Martin Cooper introduced David Ey who is one of the Directors for the RYLA conference week. David explained the role of a Director at this event and gave a history of how he became involved in the RYLA roundabout. Davis has attended RYPEN, RYWELL and the also the Siemens Science program. David has been a director for a few years and has a lot of valuable skills to make this year a good success. Both Jill and Martin have volunteered to be hosts for this year's camp and as Administrator of this I thank them for their support and enthusiasm.

RYLA

The next RYLA camp will be held at Nunyara Belair 18-24 July. It is aimed for 18-25 year olds and Rotarian family members are eligible. This is a great leadership-training course but applicants need to be encouraged to attend. Often the applicants are university students or people in the first stages of their career and a week out of their lives seems a long time. However, they can be guaranteed this will be one of the best experiences of their lives, which will help them enormously in their career advancement. Employers have a lot of respect for RYLA graduates and the graduates themselves realise the enormous self-confidence they gain from the skill development they receive during the week. Every club should aim to nominate at least one person for the course.

One of the graduates Emily Rogers of St Peters has just returned from the Rotary sponsored Centenary trip to the 90th Anniversary of the Gallipoli landing. The team of 26 RYLA graduates from districts in Australia and New Zealand spent 15 days in Turkey hosted by Turkish Rotary and Rotaract. The status of the team was such that the two Rotarian team leaders sat on the platform with the Australian and New Zealand Prime Ministers and Prince Charles for the Dawn ceremony. Emily is willing to speak to clubs on her experience. Some clubs have already booked her. Emily is a third year medical student so will need to fit in speaking engagements with her studies. However with patience on the part of clubs, she hopes to fulfil requests.

New Clubs

A committee has been established to investigate the establishment of a new club at Seaford in Adelaide's south. We are looking to establish a new kind of club that perhaps meets on the weekend with partners and children welcome. Seaford is a new rapidly growing community in a typical mortgage belt setting with most of the workers working outside of the town.

At the same time it is hoped to combine the strategy to boost the membership of four Southern clubs at Reynella, Noarlunga, Noarlunga East and McLaren Vale. McLaren Vale went through the trauma of losing a number of members this year but has picked itself up with a membership growth strategy and has already inducted a number of new members. Mildura is exploring the possibility of a new club across the river in NSW around Gol Gol and a Probus club at Ouyen.
