Bob Mullins lead the members in a quiz night. For the wrong answer members had to pay a silver coin but for the right answer they received a Mintie. It was amazing to see how competitive members were for the sake of a mintie. No real outright winner but there was definitely an overall consistency in the hands that went up for the answer. A very good job Bob at very short notice.

JOKE OF THE WEEK

A gorgeous young redhead goes into the doctor's office and said that her body hurt wherever she touched it.

"Impossible!" says the doctor. "Show me."

The redhead took her finger, pushed on her left breast and screamed, then she pushed her elbow and screamed even more. She pushed her knee and screamed. Likewise she pushed her ankle and screamed. Everywhere she touched made her scream.

The doctor said, "You're not really a redhead, are you?"

"Well, no" she said, "I'm actually a blonde."

"I thought so," the doctor said. "Your finger is broken."

The Four-Way Test

From the earliest days of the organization, Rotarians were concerned with promoting high ethical standards in their professional lives. One of the world's most widely printed and quoted statements of business ethics is The Four-Way Test, which was created in 1932 by Rotarian Herbert J. Taylor (who later served as RI president) when he was asked to take charge of a company that was facing bankruptcy.

This 24-word test for employees to follow in their business and professional lives became the guide for sales, production, advertising, and all relations with dealers and customers, and the survival of the company is credited to this simple philosophy. Adopted by Rotary in 1943, The Four-Way Test has been translated into more than a hundred languages and published in thousands of ways. It asks the following four questions:

"Of the things we think, say or do:

1. Is it the **TRUTH**?
2. Is it **FAIR** to all concerned?
3. Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
4. Will it be **BENEFICIAL** to all concerned?"
