Spots

Alex Jonson: Chandra's brother & sister have donated approximately 4 tons of export quality dried currents and various other goods to send to Timor Lesté. They have also donated \$13,000.00 dollars towards the cost of shipping the container and the balance to be donated to another project of their choosing. We have arranged with The Rotary Club of Dili in conjunction with DIK to transport the goods. The balance of the container is to be filled with school desks, chairs etc supplied by DIK required by the Rotary Club of Dili

We are in urgent need of a microscope, low level English picture books, readers for primary students, exercise books, old or new pencils, coloured pencils, children's clothing, (all types including winter & all sizes but mainly small sizes) etc..

We urgently require assistance from Rotary members to help clean, sort, pack and dismantle the desks and chairs and any other goods available at DIK to pack in the container.

We require 10 volunteers each day for the following dates:

Saturday & Sunday 28th & 29th August to clean, sort & pack the goods and

Saturday & Sunday 4th & 5th September to load the container for shipping.

We are currently negotiating with DIK for more suitable times to avoid whole week ends.

Your assistance in this humanitarian project would be greatly appreciated.

Stephen Baker: Next week we and partners visit the Metropolitan Fire Brigade in Wakefield Street for some pole sliding. Have booked us into the Wakefield Hotel 76 Wakefield St (across the road) for dinner at 6.20pm.....the only glitch is that the hotel has its popular schnitzel dinners on Tuesdays and they have asked for pre-warning/pre-ordering. If you have not ordered your meal please add to the list this evening

Peter O'Neil: Open House at his farm on 5th September. All welcome BBQ lunch meat will be provided members asked to bring salad.

David Middleton: On the 17th September David's wife Sue is having a fundraiser for the Sam Roberts Fund and members are invited to attend. It is an afternoon tea with raffles etc. Raffle tickets available tonight. More details in future bulletins.

GSE Nominee: Christie McAuley

Born and bred in the Clare Valley, and having lived in a variety of locations including the Eyre Peninsula, Mid-North, the South East and Adelaide, I am passionate about our state and its diverse regions. I understand first-hand, the benefits, complexities and issues related to living in South Australia.

I come from a family which instilled in me a strong sense of community responsibility, perhaps in our case manifested most notably in our love of sport and the numerous benefits that that provides. My maternal grandparents were '£10 Poms' and so I have also been able to view this country from the perspective of immigrants seeking an improved life away from war-devastated London, in a country with a fabulous climate and plenty of opportunities for all.

I am a qualified Middle School educator, with 15 years of experience. My teaching has encompassed single-sex and co-educational rural and city schools, and South Australian and London worksites. I have taught Reception to Year 12 classes, but the majority of my experience is in Years 8-12 Physical Education and English. In 2010 I've been employed by Seymour College in Adelaide as a Physical Education teacher and the Coordinator of their Outdoor Education program and the Duke of Edinburgh Award, but I'm presently on leave as a permanent, full-time teacher with the Education Department.

Club Assembly: President Joan

As mentioned previously, I am wanting to get from committees and members dates in advance for events so that we don't have double bookings or have that last minute please we need help urgently request at meetings. This will then be included in the bulletin and highlight regularly.

As we are becoming more involved in BBQ's and other public events, I would like to ensure that Unley Rotary is promoted more. We need aprons and hats and signs that say UNLEY ROTARY IS HERE. I will investigate getting new shirts for members as well.

I encourage open communication and invite any committee chair or member if they wish to attend any Board meeting they are free to do so.

International Committee: Alex Jonson

1. TRF (The Rotary Foundation) Matching Grant /Rotary International World Community Service Projects:

- Currently under discussion with the Girl Guides organisation to assist with the collection of education materials at their local schools.
- Allocated \$6,000
- Balance of funds are to be donated to another project of their choosing - \$7,000

Vocational Service & New Generations Committee: Stephen Baker

1. POOTY

A Post Evaluation of this year's POOTY 2009 has been undertaken with the Police. Most was positive. Three issues are to be pursued in preparation for POOTY 2010:

- a. Gain a clear determination from the Commissioner as to when the new special badges can be worn
- b. Increase the submission time and delay the presentation to maximize entries (only 11 received for 2010)
- c. Put greater effort into publicity ex ante and ex post

2. RYLA, RYPEN, NYSF, Science Forums

- The work on RYLA, RYPEN and NYSF for this year is complete; 3 NYSF nominations were made
- The allocated schools of Annesley and Walford will again be visited in late September to engender interest in The Science Experience available during the school holidays at SA universities

3. Indigenous Medical Scholarships

- New student Dannielle Ghezzi has been introduced to the club. The club will hear from her, Dr Helen Sage and possibly former scholarship holder Lauren Sperring in October

4. Youth Exchange

- Joan is still recovering

5. Campbelltown Shareskills Inc

- A new project is to be launched involving vocational training of young pregnant women in conjunction with Centacare Catholic Family Services at Louise Place Fullarton

6. Mentoring and Training

- Club members continue to assist with work related mock interviews at Urrbrae High School

All projects are to be reexamined by the Committee to work through how best to assist with increasing club membership. A change in tactics on RYLA may well be useful.

Community Service Committee: Wendy Andrews

Earlier on in the year, John, Janet, Reno and I attended a gathering at the Unley Council to obtain information about services provided by Council. I left my details with some of the workers and Karen Messert who is co-ordinator of Lifelinks contacted me and arranged a meeting which John and I attended. Lifelinks is a part of "Home and Community Care". Karen is responsible for the Supported Residential Facilities in an area stretching from Unley to Brighton. The residents of these facilities included people who have been discharged from mental institutions, rehabilitation, hospitals (with nowhere to go) or "off the streets". There are three of these facilities in the Unley area. Karen suggested we could provide Welcome Packs for Aldridge Court and Rose Terrace Lodge, as the residents often arrive with no possessions. This has been done. The other facility, St Michaels, is assisted by the Rotary Club of Hyde Park. They also need some hands to help putting together Christmas Gift Packs for all the residents. This we should be able to do. Reno is organising a date for a BBQ for Aldridge Court.

Deb Richardson also contacted me with possible projects. These were projects that missed out on funding under Council's Community Grants, but the committee felt that these were not suitable for Rotary projects.

We received a "Thank You Certificate" for a donation of \$250 towards a Christmas Party for Special Children. President Joan suggested we display it at the Thrift Shop

Reno's application for the Carols was successful and a grant of \$3,000 has been received. The Carols will be two weeks before Christmas and Reno and David Middleton will need all hands on deck.

The committee felt we maybe able to meet the financial needs for children who are caring for a parent or sibling, similar to a program run by Rotary in Victoria. I contacted Unley High School, and spoke to the Deputy Principal, who said she was "heartened and excited" and would get back to me in two weeks when she had been in touch with class teachers and counsellors. This she did to say there were no "known" carers. I then got the idea to contact the S.A.Carers Association, on King William Road, and a meeting was arranged this morning. David Mackrell and I attended and we were excited by the meeting we had with Simon the Business Development and Manager, and Kate, Education. They filled us in on the details of the work they do, and some of the gaps in services that we maybe

able to fill. We were impressed by the passion they had for their jobs. As this meeting was only this morning I hope members of the committee can stay for a short while after tonight's meeting so we can discuss how we can help with the ideas they have given us.

John and Jim would like to see what we can do about aged care, so that is the next project on the agenda as well as helping women in domestic violence situations.

Although most of these ideas are still in the pipeline, I hope I can get back to you next assembly with some exciting projects. It is difficult to pin point programs so please share you ideas with myself or a member of the committee.

Public Relations: David Mackrell

Over the last few weeks, two press releases have been prepared and sent (attached).

- 1) A report on our \$10,000 75th anniversary gift to the City of Unley and our planting days at Orphanage Park. This was sent to the editor of The Messenger and RDU and, to date, has not appeared, to my knowledge in either.
- 2) A frivolous but timely concoction after Julia Gillard's ascension to power that made the connection of Unley producing both a female Prime Minister and female president in the same month. This was sent to The Advertiser, The Messenger and selected radio personalities. To date, this has not been picked up either, to my knowledge.

DIK Story

I am in the process of preparing another story on our DIK donation to a local family that Jerry passed to me. This will be sent to RDU and The Messenger.

75th Birthday

I am also in the process of writing a story on our 75th birthday for general distribution.

Gordon Armstrong

Since the Gordon Armstrong talk, I have been back in touch with him to seek his support for getting stories into print. He has given us his moral support and suggested to persevere (he will not intervene at this stage).

CPR/Nicole Haack

I have made contact with a business colleague, Nicole Haack, at CPR, which, as the name suggests, is a PR company. I have asked to borrow her mind for an hour or so to help me come to grips with the task and seek how to engage effectively with the media at our level. She has responded and I am hoping we can meet next week some time to pick her brains. **Update: now meeting with Nicole on Friday 13 August.**

Strategy Planning

Subsequent to my talks with Nicole, I propose to write a short strategy for our media engagement. The idea is to spread the stories so we can have a drip-feed of items, I think. To do this, I would like to prevail on the board members and committee chairs to consider ways in which each committee can create stories for us to put out. For instance, the Christmas carols night is a feel-good story that should get suburban media attention. POOTY should get city-wide media attention. Items such as the DIK donation are nice as well, from time to time. The Thrift Shop may have a good story to tell, or it may need additional volunteers. Alex Jonson's story about the eyewear from Passport is a ripper and deserves exploration. I am talking to him and Chandra about it when he gets out of hospital after his op. (Good luck, Alex.) Please contact me if you need help with any form of advertising/PR/communication help.

PR aims go beyond mere PR

In my mind, I think we are aiming to gain some of the share of the public's attention for Rotary and its works in order to gain new club members (to carry out our good works), understand what Rotary is about (which makes it easier to gain new members) and to support our good works.

Part of the strategy may well be to create opportunities for engagement (such as publicising the planting days at The Orphanage, where we can meet people and they can see who we are and what we do). It is also why I suggested we could go to The Messenger and jointly run a campaign to seek community projects we can contribute to. Not only would that highlight our work within the community and clearly establish us as a charitable, humanitarian organisation. If we do find projects out of that, it would make it very hard for The Messenger not to run a story on it, as it would have been instrumental in creating the opportunity.

My point is that we have to think bigger than merely having PR act as a follow-up to what is in the pipeline. Everyone needs to think about how what we're doing can then become a story for the good of the organisation and create more beneficial outcomes.

PRESS RELEASE 9 June 2010

UNLEY ROTARY HOES INTO ORPHANAGE PARK PLANTING: TO CELEBRATE ITS 75TH BIRTHDAY.

While most of us receive presents on our birthday, the very giving people at the Rotary Club of Unley are marking the club's 75th birthday in 2010 with a lasting gift to the local residents. After donating \$10,000 to Unley Council towards the Orphanage Park transformation, the members are also spending several weekends planting some of the 11,622 new plants that are helping to regenerate the park.

So far, over two sessions, about a thousand seedlings have had their roots tickled and tamped into fresh soil. The first plantings in November last year around the pétanque pitch by the driveway entrance are already putting on lovely growth in the welcome winter rain. On Saturday 5 June, Rotary volunteers got their green thumbs dirty again in a long bed running between the soccer pitch and Tabor College. President of Unley Rotary, Jerry Casburn, said: "Our club spent quite some time deliberating over just the right project to commemorate our 75th birthday and we were thrilled to find this way to do it. So many people use this park daily for sport, exercise, dog-walking, playing, picnicking or just to enjoy its ambience that it seemed like a great fit. This is what Rotary is really all about: service to the community. That's why we've enjoyed the chance to be really hands-on, so to speak, and help with the planting."

Rotary invites local residents and all Orphanage Park users to come together in true community spirit and help at the next planting session. Watch for details in the Unley Council news in the Eastern Courier.

Fundraising: Sheila Evans

There are now 2 additional fundraising opportunities in the planning stage.

First opportunity:

We have been invited by the National Trust to participate in the following event:

Event	Open Day Government House RCU invited by The National Trust [event organisers] to provide sausage sizzle
Date of event	Sunday 7 th November 2010

Time 10.00am. Until 4.00pm.
Access RCU is allowed in on the previous day to set up and on the morning of the event from 7.00am.
Cost A donation to the National Trust of \$300 approximately, then all profits to be retained by RCU
Numbers expected A very bad day the expected numbers are approx. 2000; on a good day the numbers could be as high as 8000.
 A meeting of Sausage Sizzle Taskforce was held Tuesday 27th July 8.00.p.m. at Tiffins and a wide range of tasks were voluntary undertaken. Since then the work required has progressed significantly.
 It is most important that you put November 7th in your diaries as your Rotary fundraising day
 The second opportunity is **The Yellow Brick Road at the Showground**
 Rotarians are given the opportunity to work approximately 4 hour shifts from Sept 3rd to 11th. & earn for their club approximately \$51 for each shift. Our members have been invited to participate & I am currently awaiting the outcome.
 If you are able to assist please forward the completed roster to Sheila ASAP
 We are not ordering Christmas cakes & puddings this year. We still have some left from last year now selling at the reduced price of \$15. They should be full of rich flavours having had time to mature; highly recommended for pre-Christmas events.

Thrift Shop: Bob Laws

Thrift Shop gross income for 2009/10 was \$64,059 compared to \$60,584 in the previous year, which should make up for the rent increase. The volunteers, both Rotary members and friends of Rotary have been splendid. Very sadly Robert Birnie who, together with Evelyn, was a stalwart in the shop, died during the year.

There is plenty of stock coming in and it's becoming increasingly difficult to keep on top of sorting, pricing and displaying.

Website Report: Stephen Westgarth

The club's website at unley.rotaryclub.org.au is as up to date as the information and news provided to me to date by club members. The recently created Downloads page in the Members' Area contains useful documents for members to download and print as required. These now include:

- Rotary Club of Unley Strategy Plan: 2009/10 - 2011/12 (PDF)
- Police Officer of the Year 2009 Nomination Form (PDF)
- Cheque Requisition Form (PDF)
- Weekly Meeting Running Sheet (Word 97/2000)
- Membership Application Form (PDF)
- Induction Ceremony for a New Member (Word 97/2000)

Any other documents or forms that committees or Directors would like to be made available to members via the website can be emailed to me for uploading.

Last week I attended my first meeting of the District 9520 Internet Committee. The Committee is charged with looking after the District website and promoting and guiding the effective use of the internet by clubs in our District.

As of last week it is now planned to expand the membership of the Internet Committee sufficiently to enable a committee member to be assigned as liaison for each of the eight Groups in the District.

Each club in the District now has a page on the District website which clubs can populate as they please and use as their home page for a District website based club site. This page also provides a link to the club's website if they already have one, as our club does. Training for clubs in how to use and update their pages on the District website is being rolled-out progressively. I am yet to be the beneficiary of such training.

Any constructive suggestions that Unley club members would like to make regarding our own website or the District website would be most welcome.

Club Administration / Secretary's Report: Mavis Martin

I will be away for the next eight to nine weeks. PP Jerry will be acting in the Secretary position.

The Rotary Clubs of Brown Hill Creek and Hyde Park forward their Bulletins to me each week. Placing them in the blue folder last year elicited minimal access to them by club members. Both clubs have their Bulletins available on their club websites. Members can access those web-sites if they so wish. Bulletins will no longer be in the blue folder.

Club Service Report: As per reports of Rotarians responsible for roles of Catering, Program, Risk Management, and Website. No report from the Sergeant and Club Historian.

Treasurer's Report: Heather Kilsby / Lindsay England

The books have been sent to the auditor.

Heather advised of the Boards decision to leave membership subscriptions the same as last year, half yearly payment of \$100.00 and \$15.00 if you require the Bulletin to be posted to you. Invoices will be emailed to members with that facility, others will be posted or hand delivered at a meeting.

The cheque requisition for is being changed, one of the changes is that the Chair of the Committee the payment is for is to authorise payment along with a Board Member. If the Chair person is away their deputy or President Joan can sign on their behalf. This change will allow each Committee Chair to know what is being paid and update and keep track of their budget.

All reports be received: Moved by David Middleton and Seconded by Mavis Martin; Carried

Sergeant's Session: Colin Schirmer

Colin Schirmer extracted dollars from those who had yet to visit PNG. The **Lucky Square** was won by **Bob Mullins**.

On the Back Page

This is amazing. Women will love this technology, men maybe not so much. The End of Department Store Fitting Rooms....

This is hard to believe until you see it.

Wouldn't this be great? No slipping in and out of things; no messed up hair, and no one else would have actually tried on your garment! No more lipstick or makeup on your favourite selection either! What a great invention! They already have this tech in Japan.... <http://www.flixy.com/future-shopping.htm>

Remember our Rotary theme for the year:
