Alex Jonson: Timor Lesté Project

On behalf of the International Services Committee I wish to thank the two Davids for their kindly assistance and true Rotary spirit on Saturday the 18th September where we managed to finally complete filling the 40ft. container:

- (1) David Middleton who assisted on three weekends.
- (2) David Mackrell who assisted on two weekends and sacrificed going to the opening of the Orphanage Park Project
- (3) And last but not least Chandra Sluggett who assisted, bossed and nagged throughout the whole period.
- (4) We all worked from about 9.30 am and finally finished at 1.15 pm.

(5) We are sorry that they both missed the BBQ on Saturday.

(6) Once Chandra gets the report from the Rotary Club of Dilli she will write the history of the project and will present it to the club. Everything being equal the container should have left for Darwin today for shipment to Timor Lesté.

And finally, once more I wish to thank all the Rotarians who assisted in making this project a great success.

OSSAA Film Night. Last call for tickets. Wall Street 11 October, 5.30 for 6.15 pm

Jerry Casburn: Orphanage Park Opening and BBQ

I want to thank members for the effort on Saturday at the opening of the Orphanage on Saturday 18th September. We were well attended and served nearly 200 sausage sizzles and 32 vegetarian patties. The food ran out as the crowd did. It was a pressure weekend for Rotary activities and we got great support. As President Joan mentioned we received great press from Honorary Member Mayor Richard Thorne with lots of thanks for our efforts and financial contribution. As Joan also mentioned, the Petanque area has a rock with Rotary Wheel and plaque recording our involvement in our 75th year."

Update on the Money Boxes: Just wanted to let you know how much we raised and thank you for the money box contributions last night. The amount collected was \$17.55 which was great given that it was not high attendance last night. Extrapolated that means we could raise in excess of \$800 in a year which would pay for Centurion membership for 8 members who maybe can't afford the Centurion membership themselves. It also paid for 88 children to receive polio vaccine

Guest Speaker - Professor Graeme Hugo: "Population Growth the Future"

Chairperson John Russell introduced our guest speaker Graeme Hugo, who is a University Professorial Research Fellow, Professor of Geography and Director of the National Centre for Social Applications of Geographical Information Systems at the University of Adelaide. He is the author of over two hundred books, articles in scholarly journals and chapters in books, as well as a large number of conference papers and reports. In 2002 he secured a \$1.125 million ARC Federation Fellowship over five years for his research project, "The new paradigm of international migration to and from Australia: dimensions, causes and implications".

His talk covered population movement on a Global basis, focusing attention on the impact on Australian population growth of mortality, fertility, and migration.

Prof. Graeme Hugo

The current Australian growth per annum is 2.1%. Only three Asian countries have a higher current growth rate. It surprised most of us to hear that our national growth is currently almost twice that of Indonesia.

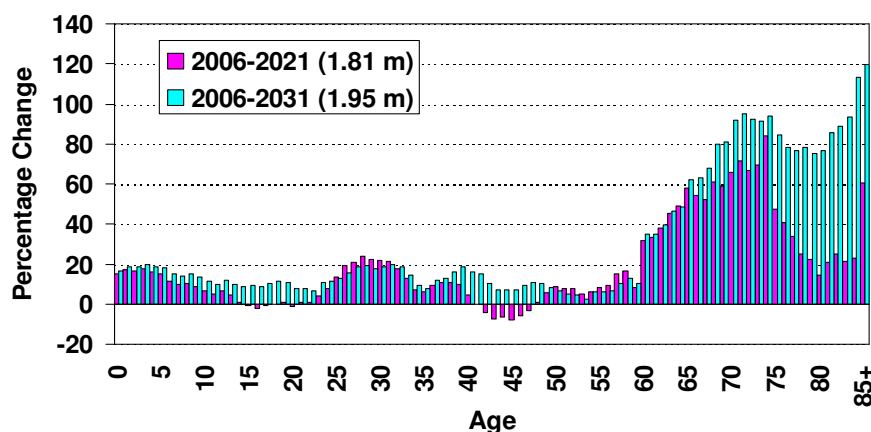

Some interesting facts shown by the graphs and charts that Graeme produced;

- Until about 1970, South Australia's growth rate was above the rest of Australia, but since that time, our growth rate is well behind the national average.
- Population is of course dependent on birth and death figures. Between 1901 & 1910, a 50 year old male could anticipate a further 21.2 years of life, and a female 23.7 years. In 2008, the relative figures were 31.5 and 35.2 years. Between 1901 and 1960, the fertility rate per 1000 females moved between about 3 and 4. Since the introduction of the Pill in 1960, the comparative rate dropped by about 50%.
- Immigration is another factor effecting our growth. Net overseas migration in 2008-09 was about 300,000.

Structural Ageing:

South Australia: Change by Age: 2006-2021, 2006-2031

Source: ABS Projections 2008, Series B, based on Jackson 2004

Population growth in the future will affect so many aspects of the life of all Australians. The graph of Structural Ageing for South Australia, above, shows the population of those over 65 up to 2031.

- There will be Labour Force implications.
 - Imminent loss of a third of the workforce,
 - Ageing of workers
 - Retirement policy
- Health Services will be stressed
- Climate Change will need to be considered.
- Where new growth be located.
- The importance of water supply.
- Etc., etc.

Graeme concluded his talk with a statement of what is needed nationally:

- To recognise the significance of population issues for the nation
- Vigorous informed debate – inclusive of all groups.
- Research gaps need to be filled.
- A comprehensive population policy.
- Need to integrate with other areas of policy
- Need for a vision of Australia's population future

THE 5 MINUTE CHOCOLATE CAKE FOR ONE PERSON.....THIS IS AWESOME!!!

In case you ever need a quick chocolate fix.....

5 Minute Chocolate Mug Cake

Ingredients: 4 tablespoons flour
4 tablespoons sugar
2 tablespoons cocoa
1 egg
3 tablespoons milk
3 tablespoons oil
3 tablespoons chocolate chips (optional)
A small splash of vanilla extract
1 large coffee mug (Microwave Safe)

Add dry ingredients to mug, and mix well. Add the egg and mix thoroughly.

Pour in the milk and oil and mix well.

Add the chocolate chips (if using) and vanilla extract, and mix again.

Put your mug in the microwave and cook for 3 minutes at 1000 watts.

The cake will rise over the top of the mug, but don't be alarmed!

Allow to cool a little, and tip out onto a plate if desired.

EAT! (This can serve 2 if you want to feel slightly more virtuous).

And why is this the most dangerous cake recipe in the world?

Because now we are all only 5 minutes away from chocolate cake at any time of the day or night!

A Tractor

Paddy is passing by Mick's hay shed one day when through a gap in the door he sees Mick doing a slow and sensual striptease in front of an old red Massey Ferguson.

Buttocks clenched he performs a slow pirouette and gently slides off first the right welly, followed by the left.

He then hunches his shoulders forward and in a classic striptease move lets his braces fall down from his shoulders to dangle by his hips over his corduroy trousers.

Grabbing both sides of his checked shirt he rips it apart to reveal his tea stained vest underneath and with a final flourish he hurls his flat cap on to a pile of hay.

'What on earth are you doing Mick?' says Paddy

'Jeez Paddy, ye frightened the livin' bejasus out of me' says an obviously embarrassed Mick, 'but me and the Missus been having some trouble lately in the bedroom department, and the therapist suggested I do something sexy to a tractor.'
