What influences decision making in an emergency

Mavis introducing Anna

Mavis Martin introduced Anna who is a Nurse Lecturer at Flinders Medical Centre and would like some help with her PhD research project.

Anna has been studying for 8 years at Flinders University and is undertaking the above thesis topic. She is trying to ascertain what motivates ordinary people to respond in a heroic fashion in a crisis while others may withdraw. The topic choice was motivated by a serious accident involving her brother who was trapped for 3 hours awaiting emergency services and helped by a bystander to survive. There are 1.4m emergency call outs across Australia each year, and for those in outlying areas the response times can be significant. 32% of people with severe cardiac problems have been helped by bystanders applying CPR, and many with breathing issues have been helped by airwave clearance. Her study excludes health and emergency professionals and data is gathered through interviewing

volunteers.....she needs more people to provide details of their experiences. Anna can be contacted on 0403 517 055 or by email bystander.study@flinders.edu.au.

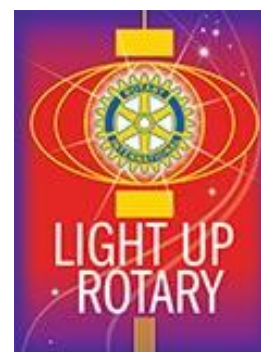

Conference Briefing

David Middleton emphasised the wow aspects of the Ballarat Conference:

- Great venues like the Ballarat Mechanics' Institute, Caro Convention Centre, Jacksons & Co. on Lydiard, and the Ballarat & District Trotting Club.
- A quirky MC with magic
- Great graphics through Robin LeGallez
- A special dinner event and bright jackets
- Outstanding Unley hospitality.....we need to provide the best of service.

President Joan

Guess who?

The 'working' parts included:

- A list of the jobs to be done.....team captains will be appointed and training on the job
- The range of jobs – helpers, drivers, porters, workers, conductors.

We have been helped by Robin LeGallez and Don Watts from Murray Bridge on AV and graphics, and Penni Hamilton-Smith with stage management.

Stephen Westgarth will provide the roster details by email. The workload is expected to peak on Sunday afternoon the 19th with cleaning up. A briefing will take place at the Ballarat Lodge at 8.30pm on Wednesday night.

The Conference Banner was displayed.

Spots and Sergeant's Session

Lindsay England reported that the receipts for last month at the Thrift Shop were \$7,200....a record at the shop. Other changes include signs for the Book Nook, and the lighting has been fixed. The addresses of volunteers are being deleted from the rosters. Pam and Ken will help out on April 18th (conference time). Magazines are being differentially priced.

Ken Haines needs volunteers for Bunnings BBQ next Saturday.

Valerie Bonython and Patsy Beckett have been working on next year's program. Any suggestions would be welcome. Mavis mentioned a vocational visit to Adelaide Oval which was being planned.

Sergeant Ken Haines somehow managed to have Valerie's marble drawn again (3rd time recently) for the appalling squares.....number 11 could be in high demand in future. There were 3 highlights of the happy fines namely: Mavis arriving 1 hour early for the meeting (still on daylight saving), Briony's pregnant daughter trying to fill an out-of-date script for the pill, and the arrival of Oscar John Westgarth.

The meeting closed at 7.49 pm.

Postscript: Briony Casburn – The Christmas Hamper and the Happy Faces at the Christmas Carols raised \$660 which was donated to Operation Cleft in Bangladesh.....great job!

Rotary International News

Every day is World Water Day with Rotary

By Adam Ross - Rotary News -- 30 Mar 2015

Investing in clean water could save 2.5 million lives a year. We can't afford not to protect the world's water supply. Take action with Rotary to create access to clean water.

At least 3,000 children die each day from diarrheal diseases caused by unsafe water, a grim reminder for Rotary members who make providing clean water and sanitation an organizational priority. While very few people die of thirst, millions die from preventable waterborne diseases, providing the impetus for our members to provide toilets and latrines and other clean water initiatives in underdeveloped countries. Members also teach these communities to maintain new infrastructure, and organize educational projects to promote hand-washing and other good hygiene habits.

Though 22 March is recognized as World Water Day, our commitment to these causes is ongoing. In Ghana, Rotary member Samuel Obour spearheads projects to install latrines, washing stations, and toilets across Ghana. In Latin America, youth from Connecticut, USA, lay water pipelines for communities for high altitude villages. Dozens of other water projects await financial support, from water harvesting in Mexico to a well for clean potable water in Egypt. Join us and get involved.

Or meet us in São Paulo on 4 June for our World Water Summit, the seventh time Rotary members have hosted NGOs, nonprofits, businesses, and concerned citizens of the world for learning, networking, and discussion around clean water. In addition to our summit, members regularly host water experts for roundtable discussions at their clubs. Find a club near you.

In Evanston, Illinois, join local and national experts for Tap Into Lake Michigan, a panel discussion on local perspectives to the global water crisis on 31 March. The event brings together Rotary members and the general public to mingle with influencers and representatives of local water organizations. Register today.

Our commitment to clean water is stronger than ever. We have over 1.2 million members in more than 34,000 clubs in nearly every corner of the world.

On the Back Page

What's Grandpa Like?

My small grandson got lost at the shopping mall.....

He approached a uniformed security guard and said, “ I lost my grandpa”

The guard asked “What’s his name?”

“Grandpa”

The guard smiled and the asked “What’s he like?”

The little tyke hesitated for a moment and then replied,

“Crown Royal Whisky and women with big knockers” obviously referring to doors!
