Voice of Rotary

Secretary's Corner

**Marion,
a home of a Governor**

Roy's Blog:

In the Rotary Calendar, this is Rotary Magazine Month!

April is here upon us and the Conference in the Barossa is now only days away!

March has been a busy month for Marilyn and me, firstly the Inaugural Ball in the Sunraysia District where over 280 were present at the Club Da Vinci. President Vince Marciano from the Rotary Club of Mildura should be really pleased with the end result. Special thanks to his fine committee drawn from most of the eight Rotary Clubs in the area – it really was "Girl Power" – well done, and on behalf of the District we thank you all for your efforts.

The amount raised during the night and in the promotional period for Autism Spectrum Support Group was well in excess of \$27k. See pages 7 & 8.

Above – Broken Hill PETS

Below Invincible Vince & Girl Power

Then last weekend Marilyn and I went to Broken Hill to be a part of a team for Mini Pets / Assembly with the two Broken Hill Clubs.

We arrived on Saturday – had dinner with the Presidents / President Elects and others and attended PETS / Assembly on Sunday.

Special thanks to M/C Malcolm – incoming Secretary Sam and, of course, DGE Wendy who was promoting the new theme and direction for her year as DG, under ever watchful eye of RI President Ron Burton.

We all departed for home on Monday morning – yes we promoted the forthcoming conference in the Barossa. - after all Marilyn and I have travelled into the Broken Hill area at least 5 times during the past 18 months. – now it is their turn to "head down the bitumen, and away" next year – T' Adelaide and beyond!

At this time the month of May does look to be just as busy.
please enjoy Rotary – Cheers – Have FUN!
See you all at the Conference

Ray

The outgoing GSE Team arrived home on Friday 15th March – a little weary – from what I have gleaned to date, a most enjoyable “Culture Exchange”. The official “Welcome Home Presentation” by the Team is at the Rotary Club of Campbelltown on Monday 8th April (please check out this in the Weekly Herald)

The inbound GSE Team will arrive on April, 9th 2013. During their stay we will all be given the opportunity to meet and greet them - especially at the conference in the Barossa.

Cheers,
Roy

What Paul Harris Said:

"Friendship was the foundation rock on which Rotary was built and tolerance is the element which holds it together. There is enough atomic energy in every Rotary club to blow it into a thousand bits were it not for the spirit of tolerance."

Paul Harris,
"Honouring Our Past: The Words and Wisdom of Paul Harris"

(This quote, used in the RI book, was abridged, [follow this link for the actual language](#) from Paul Harris's "My Road to Rotary" to obtain the full and significant meaning.)

It was unheard of at the beginning of the 20th century to make application for almost anything without filling in the lines that asked for your race and religion. When the original application form for membership in Rotary was designed those two questions (Your Race? & Your Religion?) were not included. Rotary's application form was unparalleled at the beginning of the last century.

Rotary Minute from www.RotaryGlobalHistory

On the lighter side ! Tolerance at its best !

Donald MacDonald from the Isle of Skye went to study at an English university and was living in the hall of residence with all the other students there.

After he had been there a month, his mother came to visit him.

"And how do you find the English students, Donald?" she asked.

"Mother," he replied, "they're such terrible, noisy people. The one on that side keeps banging his head on the wall and won't stop. The one on the other side screams and screams all night."

"Oh, Donald! How do you manage to put up with these awful noisy English neighbours?"

"Mother, I do nothing. I just ignore them. I just stay here quietly, playing my bagpipes."

English Gone Awry ? A Very Old Joke!

Mujibar was applying for a job in India.

The Personnel Manager said,
"Mujibar, you have passed all the tests, except one."

Mujibar said, "I am ready."

The manager said, "Make a sentence using the words Yellow, Pink and Green."

Mujibar thought for a few minutes and said, "Mister Manager, Sir, I am ready."

The manager said, "Go ahead."

Mujibar said, "The telephone goes green, green, and I pink it up, and say, Yellow, this is Mujibar."

The manager: "You got the job!"

The Wise Family

Meet:

Darrell Wise, District Treasurer

Darrell is a proud Taswegian of convict stock, who, after completing his high school education, joined NAB as a Junior Clerk in 1971. As was the case in those days, Darrell was "told" by his employer that he was to move to Melbourne, so at the age of 17 left home to work and live in Moonee Ponds in Victoria. Darrell recalls that in the '70's, Moonee Ponds was very different to the multi-cultural and popular location it is today!

After returning to Tasmania to live and work in the mid 1970s to provide support during a period of family tragedy, Darrell's life was

forever changed (for the better) when he met and fell head over heels in love with **Margaret** (Gibson) whom he married in 1980.

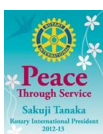

Then it was time to move on again (according to his employer) so Darrell & Margaret packed their possessions and moved to Victoria, where after a short period, purchased their first home in Frankston. Darrell was a Manager's Clerk at that time working at NAB in Mornington and his Manager was the infamous Australian Rotary Health Founder **Ian Scott**. Darrell has vivid memories of toiling away at the office whilst Ian Scott spent majority of his time "doing things Rotary". Little did he appreciate at the time just what an impact Ian Scott's passion for (initially) discovering a cure to cot death that was the first project undertaken by Australian Rotary Health all those years ago!

It was whilst living in Frankston that their two children **Chris** and **Katherine** were born - all grown up now as per the photo!

Having grown tired of the Melbourne rat race and seemingly playing the role of a weekend husband and father due to extent of work and commuting, and wishing to be nearer the children's grandparents, Darrell moved his family back to Tasmania in 1988 where he settled his family into Blackmans Bay, a southern suburb of Hobart. During this time Darrell completed his Tertiary Education. A work opportunity with NAB again presented itself in the early '90's for a move to Bendigo Victoria, where he and his family resided for nearly 4 years. It was in Bendigo that Darrell first joined Rotary, primarily for the networking opportunities it promised. Darrell soon learned that whilst business networking benefits were important, it was the "service above self" element of Rotary that quickly captured Darrell's passion and remains so to this day.

Darrell and his family moved to Adelaide in late 1996 and have lived in Flagstaff Hill since then. Darrell remains with NAB where his current role is Credit Risk Manager working from King William Street Head Office. Margaret works with Flinders Medical Centre as an Administration Officer in the Intensive Care Unit. Son Chris is a Manager with Scouts Australia and daughter Katherine works as a Personal Care worker in a Nursing Home.

Darrell is a member of Marion Rotary where he is currently servicing as Club President / Secretary. In support of District Governor Roy, he accepted the office of District Treasurer for 2012/2013.

Doing Good in the World

Rotary's Youth Exchange program has continued for more than 40 successful years and is now part of the fifth Avenue of Service: New Generations Service. This avenue also includes service through Interact, Rotaract, Rotary Youth Leadership Awards, and many club and district activities that involve people up to age 30.

When we focus on young people, we are focusing on building the future of Rotary and a more peaceful world. When we serve youth, we help to bring Rotary to a new generation. We spread understanding among nations and cultures. We teach the importance of service to others, and pass on our core values. By doing this, we help to build peace.

Youth Exchange plays an essential part in Rotary's global mission of building peace by helping to build, one exchange at a time, good relationships between nations.

Sajuki Tanaka, President, RI

PP John Sandham

Indigenous Health Scholarships

A Report from PP John Sandham

The scholarship provides “top up” financial assistance to the value of \$5000pa (\$2500 from Rotary/other and \$2500 from SA Government). It is designed to encourage and assist Indigenous Students with their education and living expenses while they successfully achieve medical qualifications to become doctors, nurses, or any other health related profession.

Payment of the scholarship monies is made to the student once they successfully pass their subjects at the end of the semester.

Indigenous Australians experience lower levels of access to health services than the general population, are more likely than non-Indigenous people to be hospitalized for most diseases and conditions, to experience disability and reduced quality of life due to ill health, and to die at younger ages, than other Australians. Indigenous Australians also suffer a higher burden of emotional distress and possible mental illness than that experienced by the wider community.

Rural townships and Aboriginal communities have great difficulty in attracting and retaining doctors. Aboriginals have a better understanding of, and better empathy with, their own people. Since the program’s inception 57 students have graduated in SA alone.

In 2013 there are 15 sponsored students continuing their studies with a further 7 new students being offered scholarships. Clubs are encouraged to treat a student very much the same as they would an exchange student – but without the hosting – to maintain contact through a mentor and to invite their student to the occasional Club function whenever their studies permit.

To learn more contact Committee Chair John Sandham or Val Kirk – See District Directory.

*Geoff Bailey and the first student Aleeta Dowes
now Dr. Aleeta Fejo*

*The State Governor and Rebecca Richards
the first Aboriginal Rhodes Scholar to Oxford*

We all know and enjoy reading Rotary Down Under and the Rotarian. These Magazines bring a lot of general information. But did you know that there are many other more specialised magazines, newsletters and bulletins available for subscription. This is a great way to learn more about Rotary. Visit Rotary International web site [More Newsletter](#) and see for yourself.

Short summary of some publications available is below. Each contains a clickable link – should you wish to subscribe and learn more about Rotary.

End Polio Now *End Polio Now* is a quarterly newsletter about polio eradication. The newsletter includes both the latest statistics and inspiring stories. [Subscribe](#).

Every Rotarian, Every Year *Every Rotarian, Every Year* offers Annual Fund updates, articles on how Rotarians are meeting their clubs' goals, and stories about how Annual Fund contributions enhance people's lives. [Sign up](#).

Future Vision News The monthly *Future Vision News* connects you to new online Future Vision resources and information and reminds you of upcoming Future Vision pilot deadlines. Everyone is welcome to subscribe. [Sign up](#).

Membership Minute The *Membership Minute* is a short e-mail newsletter that provides membership development ideas, resources, and tools. [Sign up and see past issues](#).

New Generations The *New Generations* monthly e-newsletter provides news and developments regarding Rotary's youth and young adult programs: [Interact](#), [Rotaract](#), and [RYLA](#). You can sign up for the newsletters by visiting these programs' Web pages.

Peace Net The *Peace Net* newsletter is a forum for the Rotary Centres. [Sign up](#).

PR Tip The bi-weekly *PR Tips* offers innovative ideas for clubs and districts to promote Rotary in their communities. [Sign up and see past issues](#).

RI Convention Update *RI Convention Update* is a short e-mail newsletter that provides timely updates, deadline information, and news about Rotary's largest annual gathering of the year. [Subscribe](#).

Rotary Leader *Rotary leader* is Rotary's flagship multimedia publication. Published bimonthly in eight languages, *Rotary Leader* features practical information for Rotary club and district officers, incoming officers, committee chairs, and other leaders. [Subscribe](#).

Rotary Service Update The bi-monthly newsletter connects Rotarians with information to help plan effective and inspired service projects. Visit [Service and Fellowship](#) for more details about the topics and programs highlighted in the newsletter. [Subscribe](#).

Rotary Training Talk *Rotary Training Talk* keeps Rotarians informed about the latest news in RI training, including RI mailings, RI Board decisions that affect training, and training tips. [Sign up and see past issues](#).

Rotary Youth Exchange Newsletter The *Rotary Youth Exchange Newsletter* is distributed bi-monthly and contains information and updates on current Youth Exchange events and resources. It's intended for all Youth Exchange officers and interested Rotarians. [Subscribe](#).

Charity Ball 2013 – Recognising Mildura!

Rotary ball a 'win-win': Clubs' inaugural event set to raise funds for autism support group

By Megan Frankel-Vaughan

FAMILIES of children with autism are set to benefit from Sunraysia's first combined Rotary Club ball.

Seven Rotary clubs have combined for the inaugural event, to raise money for Sunraysia Autism Spectrum Support Group.

Mildura Rotary Club president and ball committee chairman Vince Marciano said the event was a "win-win" for both groups, allowing Rotary clubs to combine while helping families in need. "I thought it would be a good idea to get all the Rotary clubs together – it was too big for just our club," he said.

"I approached the other clubs and all the presidents were all for it and they've all been really supportive." Belinda Rogers, from SASSG, said, "Funds raised at the ball would go towards a "wish list" for local families."

"Things like communication devices like iPads – by using apps they learn so well because they're so interactive," she said. "These would be given to families for them to use exclusively."

HELPING HANDS: Rotary Club member Fiona Weir, Sunraysia Autism Spectrum Support Group (SASSG) member Belinda Rogers, Mildura Rotary Club president Vince Marciano and SASSG member Tammy Carter are gearing up for the ball.

Funds would also be used to help pay for medical and travel costs. "Wait times on families are really hard," Mrs Rogers said.

"Even to get diagnosis can take some time so we want it to go towards families in need to get this diagnosis done. "To have a diagnosis, you need a psychologist's report, speech pathology report and occupational therapy and then signed off by a paediatrician and those reports are very expensive."

Mrs Rogers said the money could also be used to transport families to specialist appointments outside of Sunraysia and go towards supporting siblings of children with autism.

"We're so happy to be the recipients of the first ball," she said.

Ball committee treasurer Fiona Weir, from Mildura Rotary Club, said SASSG was chosen as the event's first recipient through a tender process.

"One of the big things (to consider) was how much government funding they get because a lot of groups do get a lot of government support," she said. "And we also looked at the ability of the group to come on board and help."

Mrs Weir said putting SASSG in the spotlight would also help to break down the stigma surrounding autism and the behaviours associated with it. "We felt there wasn't a lot of awareness about autism," she said.

Mr Marciano said he hoped the ball would become an annual event for the seven Rotary Clubs – Mildura, Mildura Deakin, South Mildura, Irymple, Red Cliffs, Wentworth and Euston-Robinvale – helping a different charity each year

Mr Marciano said he was unsure how much would be raised, being the first event of its kind, but called for donations of items and financial support to help with the auctions and raffles.

This article appeared in the Sunraysia Daily newspaper and on their website and is reprinted here with their kind permission. To see the full article visit their web site at: [Win Win Article](#) or visit their website: <http://www.sunraysiadaily.com.au/>

A Team with Vision Having a Ball!

By Fiona Weir, RC of Mildura

Prior to Vince Marciano commencing his Presidential term with the Rotary Club of Mildura, he already knew that he wanted to host a Gala Ball during his term. With further thought, he thought this could be an amazing fundraiser event.

After talking with a few members, it soon became apparent to Vince that this would logistically require a lot of support, and was too big for one Rotary Club to handle. So the idea of the eight Rotary Clubs of Sunraysia - District 9520, working on a joint project was born. A multi Rotary Club event had not taken place in Sunraysia for many, many years.

A committee was formed representing most of the Clubs in the area, and the process of selecting a recipient charity began. It was a unanimous decision that it was to be a local Charity and one that did not have a high profile within the community. That was to be one of the missions, not only raise money, but raise the profile of the Charity within the Sunraysia community.

A short list of six local charities was established by the committee, and these charities were approached to tender as the recipient of the inaugural Sunraysia Rotary Charity Ball. The committee felt the most important selection criteria were:

1. A Charity that wasn't well known and didn't receive a great deal of exposure in the community.
2. A Charity that didn't receive significant government funding.
3. A Charity that could ensure their members could come on board with the organising committee, and work to pull off a successful Gala Ball.

So unanimously, the Sunraysia Autism Spectrum Support Group was chosen. This group is a relatively new support group in our community who support families in our community, affected by Autism.

The countdown to March 16, 2013 began some 7 months prior. This committee pulled together, confident in being able to present a Gala Ball that Rotary and the community in general would be proud of. The committee was overwhelmed by the generosity of local businesses and individuals that were more than happy to come on board with financial donations or auction items.

So Saturday March 16 saw some 300 people gather at the Club da Vinci Mildura, for a memorable evening. We were thrilled and privileged to have District 9520 Governor Roy Armstrong, Secretary Jerry Casburn and District 9520 President Elect Wendy Gaborit and their respective partners travel from Adelaide to attend this event. As well as our own Assistant DG Lesley Mitchell and husband Neville.

Each and every committee member expressed how much they enjoyed working and getting to know other Rotary members from outside their own Club, as well as the members from the Autism support group.

What a night it turned out to be with over \$28,000 raised for the Sunraysia Autism Spectrum Support Group. Disappointingly, the Ball wasn't well patronised by our local Rotary members. Of an audience of 300, approximately 30 were local Rotarians (apart from the 11 in the organising committee). What we do take away from this is: we feel there was some scepticism by members that Rotary Clubs cannot work successfully together, hence the poor support that was received from members in our area. On the other hand, we received generous financial contributions from members that could not attend on the night.

The local media exposure that the Ball received leading up to, as well as after the event has been amazing. It has highlighted Rotary in general, as well as the incredible work that Rotary does. This can only be such a positive spin to encourage Rotary Clubs to embark on joint projects such as this one.

We now feel confident, that our Committee has proven that Rotary Clubs can work together successfully for a common cause. We are confident, that this success will motivate more members from all eight Clubs to participate and support the next Sunraysia Rotary Charity Ball which I am sure will be bigger and even more successful.

One last aspect our Committee highlighted was the great work women do in Rotary. It was "almost" an exclusively female Committee!!

McLaren Vale Induction

by AG Deidre Hughes

McLaren Vale inducted
Darren Gibbons – welcome Darren!

DG Roy, Lisa and Darren Gibbons with
President Kevin Lamb

Marilyn's Corner:

Another month passed. It was only last month, we farewelled the GSE Team to Taiwan, a couple of weeks ago we welcomed them back into Adelaide; time keeps moving along. We had a weekend travel to Mildura to the Charity Ball and Broken Hill for the training session for

the clubs. I really enjoyed catching up with some of the members who were available to attend these functions.

There was a reminder at the training session about the Centurion Programme for giving to The Rotary Foundation. There are a lot of examples of how little we need to change in our buying habits to be able to find the \$100 required each year. I have always thought of it in relation to \$2 per week which in my mind says 'half a cup of coffee' a week. The example given as to what **\$100** a year can do in relation to the eradication of POLIO was that will supply **700** doses of vaccine. How amazing is that?

I have to say it again. PLEASE HELP **END POLIO NOW**.

The Voice of Rotary

From the Rotary Club of Edwardstown By Jeff Hollands

We had 7 members try their hands at Bowls on the night and with the help from Alison of Brighton we were able to field one ladies team and one gents team.

The 'Pink' team consisted of Merilyn, Clair, Lu Lu and Alison with the 'Blue' team being two Johns, Jeff and Mike.

Both teams won their matches but alas no trophy. It is noted that Holdfast Bays scores were not broadcast, and thus failed to frighten us, hmm. However, their success was visible to all, for their bowlers were particularly elegant in manner in which they talked and walked the green! Especially, as they had two regular lawn bowlers!

We did have a fireman who had great difficulty with his bias! We had a lady who kept losing her bowls, and a gentleman whose "over-arm" bowling did not help.

Not too many were able to cope with the night dampness and heavy conditions, but other excuses were much harder to come by.

Just when we were starting to get the hang of it all - it was time to go home - we didn't have time to show our true superiority. By this time we found all our bowls, given up the idea of "over-arm" bowling, the fireman was on fire, and we all learned to walk and talk in the manner most becoming.

Well, we'll keep practicing our walk and talk and maybe next time

Rotary Club of Glenelg Community Breakfast on the Pat By Wayne Sachs

A long-standing event at a new venue, with a new community initiative and a new family orientated focus, saw over 300 people attended the Rotary Community Breakfast on the Pat at the Glenelg Baseball grounds on Sunday 17th March.

The Breakfast was organised by the Rotary Club of Glenelg with support from, the Rotary Clubs of Somerton Park and Holdfast Bay, The Glenelg Historical Society, the Somerton Park Sea Scouts and the Royal Australian Navy Band.

Families from both Glenelg and neighbouring areas and, friends and families of Rotarians from Group 8 Rotary clubs enjoyed fine food, entertainment, games and fun and fellowship under the large marquee sponsored by Bank SA.

The Navy Band's swinging style and outstanding vocalist and instrumental musicality entertained everyone and saw all ages dancing and moving to their beat. We were privileged to have Commander Alan Williams, Commanding Officer of NHG-SA present Kara with her promotion to Chief Petty Officer and to band leader.

The Sing Australia Choir, Synergy Yoga and Pilates and Tai Chi SA had both young and old joining in their presentations.

The young children enjoyed the large games (Supplied by the City of Holdfast Bay), face painting, art and the opportunity to explore the Navy's large inflatable boat.

AG Loretta, Presidents Linda (Somerton Park), Brenton (Holdfast Bay) and Connie (Glenelg) and others enjoyed the dancing, Yoga and spending time with their families and friends and mixing with people from the wider community.

Proceeds from the breakfast will be used to support the City of Holdfast Bay's redevelopment of the Old Gum Tree Park while money raised through the raffle will go to support Australian Rotary Health. The event proved to be an outstanding success and demonstrated Rotary's ongoing commitment to Youth, Community and having fun.

A special thanks to our Major Sponsors, Bank SA, Brumbies, City of Holdfast Bay, Nippy's, FiveAA, Caruso's The Broadway Hotel, Dale Pierce and Wills & Daniel.

Kids Surf Ware, Hamilton Holden, Burston Auto, Fassina, Fairy Bay, Little Picassos, HMS Buffalo Restaurant and the West Beach Mini Golf, generously donated prizes for the raffle and Children's Art and individuals who helped with sponsorships and prizes and to the volunteers who helped with the setting up, cooking, serving, ticket selling and clean up on the day.

Don't miss out on the 2014 Breakfast! Watch the District Newsletters next year for dates and details.

Secretary's Corner :

Jerry Casburn

It is amazing how quickly this year has gone, three quarters of the way through.

This month is an important month for all clubs!!! Please make sure that RI has the correct numbers of active members for your club, via member access.

IF YOU DO NOT, THEN THE INVOICE FOR ROTARY DUES AT THE START OF THE NEW ROTARY YEAR WILL BE INCORRECT !

While speaking of membership, the number of monthly reports I receive has dropped significantly. If you look at the table of membership numbers in this newsletter you will see the clubs who have provided status during the month. It would be great if I could get these reports on time so that DG Roy has an accurate idea of our overall growth. Conversely, if I have missed something, please let me know.
