South Australian Bushfires - Update

Sampson Flat bushfires were extinguished a short time ago, but the stress and turmoil to people's lives is starting to emerge. The Golden Grove Relief Centre heard many sad stories of loss and personal tragedies. Thankfully no one died, but many people are experiencing difficult times.

Rotary was at the relief centre from Thursday (8/1/15) operating under our MOU with Housing SA. Members from Golden Grove, Elizabeth, Modbury, Tea Tree Gully, Walkerville, Adelaide Light, Adelaide West and Playford clubs have been involved. We thank those people for their help. Many helped on several occasions. We also had Rotarians providing a BBQ at One Tree Hill Command Centre on Wednesday (7/1/15).

The people seeking assistance were grateful that our members were available to listen and help them start the recovery process just by being on hand. Red Cross and the people from Housing SA played a more significant role, but Rotary was their first connection with the relief centre process.

Several people have asked how they can donate to the District Disaster Fund. If you would like to help, please contact District Treasurer Michael Bowman on 0424 388 862 or michael@michaelbowman.com.au

What next? Well the Disaster Recovery Committee met on Tuesday 13/1/15 to discuss the next moves. We will wait to see what transpires and look for projects that provide lasting benefits to the communities affected. We know from previous experiences in other states that some problems do not arise for several months and sometimes years. Hopefully there will not be such a long delay.

If you hear of, or know of, a way we can help in the recovery please contact either:

Ask Me About Rotary Badges

Do you wish more people would ask you about Rotary?

The District Membership Committee have produced these great "Ask me about Rotary" button badges for \$2.00 each. You and your fellow members can wear them whenever representing Rotary at public events, BBQs etc., to encourage members of the general public to start the conversation.

The first order of 200 is almost gone, so we will be placing another order with the manufacturer. **If you wish to secure some for your club, simply send an email to District Membership Chair Mark Huddleston mark@sugarfreezone.com.au telling him how many you want, and he will make sure they are allocated for you.**

The plan is to deliver them to your President Elect at PETS (March 7th & 8th), at which they will be asked to bring cash or a cheque made payable to "Rotary District 9520". **Each President Elect will receive a free badge at PETS.**

Please order by Friday, February 20th.

February is World Understanding Month

The month of February is very special in the Rotary calendar since it is designated World Understanding Month.

The month also includes the anniversary of the first meeting of Rotary held on February 23, 1905, now designated World Understanding and Peace Day. World Understanding Month is a chance for every club to pause, plan and promote the Fourth Avenue of Service - Rotary's continued quest for goodwill, peace and understanding among people of the world.

So in February, each of us has an opportunity, and in some ways an obligation, to reach out to our neighbours near and far; to assist with assimilation in our communities, to assist with understanding between cultures and races and to serve Rotary and our communities in Peace and Understanding.

RYLA Positions – Can You Help?

An Offer to Members and Clubs who love to support RYLA

The District RYLA Committee is currently looking for some enthusiastic supporters of the RYLA Program, who might be interested in playing a pivotal role in the development and or running of the 2015 program, which is currently planned for September 25th to October 2nd 2015. There are a couple of options:

1. If your Club would like to take on sponsorship of this year's seminar, all you need are some enthusiastic members. There is no requirement for the sponsor Club to make any financial outlay on the seminar – all we need is your enthusiasm and talent. The key roles to be filled are;
 - a. Administrator – Responsible for the overall planning, organisation and delivery of the program, working in close contact with the Lead Director and the Committee. Key skills are Leadership, Management, Communication and Integrity. Above all else, you need to love working with young people and be passionate about helping them develop new skills. If you would like to talk to a recent Administrator, ask AG Penni Hamilton Smith how much fun she had (Contact details in Directory)
 - b. Live in Parents – As the name implies, you will live “on site” for the duration of the seminar, providing support, mentoring and guidance particularly to the attendees, but also to the leaders. Again, you wouldn't even think of doing it unless you loved working with young people. Key skills are a sympathetic ear and coaching, teamwork and communication skills. Once again, DG Jerry and Briony, Peter Brooke-Smith and Peter Poulton will all be very happy to tell you about their experience in this role.
 - c. There are one or two other roles that require good administrative skills and some PC and Internet skills. Committee members will handle these roles unless the sponsor club prefers to nominate others.
2. If no sponsor Club comes forward, then we will be very happy to hear from keen supporters of the program who will be happy to fill those roles, with support from the District RYLA Committee

The most important attributes for successfully undertaking these roles are enthusiasm and a commitment to the younger generation. If you have those, then why not give us a call and at least explore the possibilities. You may think you don't have the time, but we're sure we can find a way if you are really keen.

How Healthy is Your Club?

Healthy clubs regularly ask themselves whether the benefits they offer match the expectations of their members. Is your club fun? Are members connecting, developing friendships, and finding rewarding service opportunities?

At a recent training event for incoming leaders, Michael McQueen, a member of the Rotary Club of Crows Nest, New South Wales, Australia, spoke about why club leaders must be willing to try new things.

R-YPEN 2015 Launch

R-YPEN 2015 has been launched.....

R-YPEN 2015 has been launched and applications are now open. The usual flyers and covering letter will have started arriving at all High Schools throughout the District from Monday, February 2nd.

The intention is to encourage School Counsellors to either approach specific students who they consider to be suitable, or to at least let the relevant age

group know about the program. Unfortunately, many will do nothing, as they already have more than enough to fill their day. This is where local clubs can seize the initiative, for history shows us that the clubs that get the best students are most often the clubs who have taken the trouble to make contact with School Counsellors to personally promote the program.

Clubs need to be aware of a couple of changes this year. Firstly, we've had to increase the cost for the first time in at least 4 years. The new prices are \$260 for a club's first applicant and \$245 for each additional one.

Copies of both the letter and the flyer are available from the RYLA/RYPEN website ([click here](#)). Secondly, we've changed the application form by bringing data collection online. After applicants have input all their relevant data, they are required to print a copy of that information, plus a copy of the Endorsement form that is used for all sign offs by parents/guardian and the club. Copies are available on the website.

The suggested action for each club's Youth Services Director is as follows;

- Actively engage with your local school(s)
- Read the flyer so you know what School Counsellors have received
- Review the R-YPEN website so you know what students will be doing on-line (address is ryla9520.org.au/rypen/details/)
- Contact your local schools and let the Counsellor know you are keen to sponsor good applicants
- Once you make contact with suitable students, please refer them to the application form online ([click here](#)).
- Please be sure to interview your student(s) to satisfy yourself that they are suitable
- Encourage your club members to put forward suggestions from the young people they know – children, grandkids, relatives, friends, neighbours, work colleagues etc.
- Follow instructions for applications on website.

If any club would like to modify the generic letter and or flyer for their own use at a particular school, they are welcome to do so. Contact Peter Poulton for a word version of the document you require.

If you have any queries, please contact;

Business has never been easy – it means facing risks! As a business owner or manager you need to recognise, assess and control those risks. Key legal issues confronting business in 2015 are:

- Getting paid and limiting risks
- Having the right Terms & Conditions
- Securing your payments, and working with the PPSR
- Limiting your liability
- Terms & Conditions for websites, including privacy and data issues

Andrew Andreyev is a lawyer who works primarily with entrepreneurs, investors and their families, and has a broad skill set based on a diversity of professional experience.

He has worked as a tax accountant (with a Big 4 firm), as a merchant banker (in structured finance with Macquarie Bank), and as a lawyer (in national and international practices in Australia and the United Kingdom). Since returning to Australia in 2001 he has run his own boutique law practice with offices in Sydney and Adelaide.

Andrew holds bachelor degrees in commerce and law (from Adelaide University), and a masters degree in law (from the University of Melbourne). He is a Chartered Tax Adviser (with the Taxation Institute of Australia), a Fellow of the Society of Trust & Estate Practitioners (STEP) and a member of the Law Society of New South Wales. He is admitted to practice law in Australia, England and Wales.

These days Andrew applies his considerable technical skills and experience to assist a particular type of client: entrepreneurs and investors. These range from small start-ups, to major international businesses – with the common thread being an entrepreneur or family at the centre of the enterprise. Andrew regularly writes and presents on issues facing entrepreneurs and their businesses.
