

Issue Number 2

19 July 2015

**Whatever Rotary may mean for us,  
to the world it will be known by the results it achieves.** Paul Harris.

Almost 200 million days of school attendance are lost every year because of the lack of proper sanitation. Many diarrhea cases in children result from transmission of disease in schools rather than at home.

"A school is a place where children should feel safe, not a place where they are susceptible to infection," says Lizette Burgers, senior adviser of UNICEF's Water Sanitation and Hygiene (WASH) in Schools program.

**Rotary members and their clubs can make schools healthier places  
through programs that provide clean water and better sanitation.**

#### **Why be a tourist when you can be a local.**

Rotary Youth Exchange provides an opportunity of a lifetime for young Australians.

The **Short Term Exchange** program (RANZSE), is aimed at year 9 and 10 students. It involves spending one school term in New Zealand, and then the matched New Zealand student spending one school term in Australia (reciprocal). It is a family-to-family exchange.

**2016 RANZSE Applications close 31<sup>st</sup> July 2015.**

Your Rotary Club provides the liaison between the students at their school and the Rotary Youth Exchange organisers. This program involves students in your local neighborhood, and needs your encouragement to occur. Explore more though <http://9520.ryea.org.au>

## Be on target with your news and advertising.

If you are sharing news about what is happening or has happened at your Rotary Club then a short article (Word document) with a high resolution photo (jpeg file) in **"The Herald"** is the way to go. There are only 5 A5 pages to keep readers informed and attracted, so no pdf files please, and no fuzzy photos please

If you have a special event to be advertised perhaps using a flier, then your market is likely to be close at hand. You work out which Clubs are likely to have interested patrons and distribute the flier to them yourself. All the contact information is readily at hand in the Directory.

If you have a Project or News item which requires lengthy explanation, and you think should be brought to the attention of the whole District then ask me to circulate the material directly to Secretaries, or Presidents of the Clubs.

Sam Cozens District Secretary.

Are you a Rotarian under 40? If so, you are a rare breed indeed, one might even suggest an endangered species, making up only around 5% of our membership base. This is why your opinions are so important to us, and we really want to hear what you have to say about your Rotary journey thus far.

### The Young Professionals Forum is only a few weeks away on Saturday 8<sup>th</sup> August 2015,

and we want to learn how to make our organisation more attractive to YOUR age group, because the future of Rotary depends on it.

What are we doing well? What could we do better? What is important in Rotary to YOU? How compatible is Rotary membership with YOUR lifestyle?

Please come and tell us at the Young Professionals Forum, August 8 at the Science Innovation Learning Centre, Flinders University. Doors open at 9.30 am concludes 5.00 pm.

This is a FREE event, but we really need you to register for catering purposes at [www.trybooking.com/HCPP](http://www.trybooking.com/HCPP)

The Kiwanis Bus Service has provided an excellent community service for Aged Care and Disability organisations around Adelaide for over 33 years.

Each year the Kiwanis Bus carries over 5000 seated passengers, and about 600 wheelchair passengers.

The position of Bus Coordinator and a few more volunteer drivers is needed to keep this service operating.

Contact Bruce Laity 0419 832 990 if you think you can assist, or for more information.

Rotary badging could be part of the negotiating process.

### The Rotary Club of Renmark celebrated their 3000<sup>th</sup> meeting on 30<sup>th</sup> June 2015.

Two senior members Mark Stoeckel and Chris Weeks reminisced on some of the past activities and club achievements.

### HELPING HANDS

A joint project between RC Adelaide and RC Murray Bridge constructed 20 prosthetic hands for victims in South East Asia.

M. Sirakumar in Sri Lanka lost his hand in a train accident, but now he is able to live a more productive life using Hand 498 assembled by Liz Wilson and Kay Dowling.

### DISTRICT DIRECTORY 2015-2016

Copies of the District Directory are now in circulation, and are being distributed via Assistant Governors. In many ways the compilation of information in printed form is an anachronism in our fast moving world. Much of what is printed changes over the course of a Rotary Year and it is very difficult to make these changes known.

An electronic version of the current Directory is available through the District website.

If you find errors in the printed form you can have them corrected in the electronic form by sending a message through the email [d9520.rotary@gmail.com](mailto:d9520.rotary@gmail.com) which is in the blue box on the District website.

Please note that the Member Directory in the District Directory mainly only includes the names and contact details of members who have held leadership positions at some time over recent years.

A full Member Directory online is being planned.

Sam Cozens, District Secretary.
