Audit Time

MEMBERSHIP

Use My Rotary to check your Club Membership in preparation for the Semi Annual Returns which will be calculated from what you have in your records on December 1st 2013.

Remember that all membership records are now in your control, and if the records are not correct you need to do the correction.

While you are in the Membership section work through a few of the records of contact details of members to ensure they are correct and up to date.

SEMI ANNUAL RETURNS

These are your dues to RI which entitles you to be part of our wonderful organisation.

I ran a record check for Clubs on 26th October 2013 and at that time 25% of Rotary Clubs in our District still have not cleared their dues for the current part of this Rotary Year. Some of the amounts due are indeed small and maybe calculation errors, but some of the amounts are large which can attract unwanted attention.

INCOMING CLUB OFFICERS

During December all Clubs will hold an AGM at which all Incoming Officers will be elected.

Please ensure the names of these Incoming Officers are added into the Club Administration Records in My Rotary. This needs to be completed before the end of December this year.

This will be the source for all information about the President, Secretary and Treasurer for the 2014-2015 Rotary Year. Accurate and timely information is required for Training, Circulation of information, and entries in the District Directory. Meeting this deadline is important.

CONSTITUTION AND BY LAWS

At your AGM in December you also need to adopt your Club Constitution and By Laws which reflect the changes that have occurred as a result of the outcomes of the RI Council of Legislation, and send a copy to your State authority.

The standard Constitution template has been distributed to all Clubs and only needs 3 entries to be made:

Complete top of page 1 with the name of your Club, in Article 2 add the name of your Club, and in Article 3 add the locality of your Club.

The standard By Laws template has also been circulated but the entries in this need to firstly reflect the special cases for your Club, and they need to reflect the specific conditions that apply for your State.

Assistance is at hand to help you with this task. For Victorian and New South Wales Clubs the law firm of McKeen Park have expertise for that jurisdiction and these details have been circulated.

For South Australian Clubs I am happy to advise that the law firm of Mason Westover Homburg has been engaged to provide a suitable template for use in SA with Clubs only having to add the specific details pertaining to their Club. This template will be circulated to SA Clubs in the near future. Complete the details, adopt at your AGM and send a copy to Consumer and Business Services.

If you need assistance with any of the above 4 items contact Sam Cozens now at d9520.secretary@gmail.com

Message from Justine Chilman-Moore.

My husband, Ashleigh Moore OAM, is well known for the volunteer advocacy work he has done to help 'people affected by cancer' over the past 7 years. Ironically he now needs your help.

Many people have asked "How can we help Ashleigh and myself?"

We feel uncomfortable about asking but the truth is we need help to pay for the flights so he can continue clinical trial treatment in Sydney.

Ashleigh has been fighting cancer for 8 years, first it was advanced head and neck cancer, and now advanced lung cancer. Learn more by using the link below.

Dear friends, once more we find a community faced with the devastation of loss as a result of bush fire. Many have lost all they possess and the fires continue to rage. I am aware that a number of you are seeking information or direction on how you can assist.

District Governors Garry Browne and Graeme Davies – greater Sydney area, have advised a Bush Fire Appeal has been established to assist the families recovering from the devastation and loss of homes and properties as a result of the bushfires in the Blue Mountains.

1. DG Graeme Davies -

A donation option has been established under RAWCS – **Rotary Australian Benevolent Fund New South Wales Bushfire Relief.**

A project has been established to receive funds to be used to support individuals who have suffered as a result of this fire and the fund is administered by District 9685 which includes the Blue Mountains area. Tax deductible receipts are issued on-line.

Donations can be made NOW at <https://donations.rawcs.com.au/Default.aspx?ProjectID=719&ReturnTo=4>

Alternatively funds can be deposited directly in the District Account.

Westpac Banking Corporation Branch Lindfield Rotary District 9685 Administration Fund BSB 032 086 A/c 333 071

For more information, click on the link and go to District 9685's [website](#) , it is continually being updated.

2. DG Garry Browne, D9675

District has been reviewing the best method and approach to assist the communities stricken by bushfires – we have determined that the funds raised and resources to be provided are best determined by national organisations who have experience in devastation and crisis relief – they also are organisations that are trusted and acknowledged by the community as credible.

The Salvation Army fits this criteria and is well aligned with Rotary.

As a result we have established an alliance with the Salvation Army to collect donations and direct them to a specific fund that will be used for this relief effort through their Bushfire Appeal.

Please direct your donations to **The Salvation Army – Rotary Bushfire Appeal** www.salvos.org.au/rotary and share it with your family and friends. For individuals who do not have internet connection and would like to make **donations via the phone 13 Salvos 13 72 58) and please quote appeal code 1043314** which will track this back to **Salvos - Rotary Appeal.**

3. DG Wendy Gaborit D9520 - clubs may choose to forward their donations through district. District Treasurer, Michael Bowman will establish an account within District's Disaster Account the details of which will be advertised in the "The Herald." This option provides for District to allocate collected funds to a specific project identified in the recovery phase that will assist community in rebuilding and restoring community capacity. The choice is yours.

I will be continually in touch with my fellow Governors to keep you updated with any requests for assistance in areas where we in District 9520 can help.

Wendy Gaborit

HISTORY ABOUT TO BE MADE

A few emails between District Governors and RDU got the green light and saw Ron take time out of his busy day to talk about his passion for Rotary.
