

Niki Vincent Keynote Speaker at Assembly

Niki has led the Leaders Institute of South Australia and its renowned programs for over 10 years. She has a background in psychology, public health and leadership development, including studies at Harvard University and the Integral Institute in Colorado. She has received many prestigious awards in her career (including Telstra Business Woman of the Year State Finalist (2005) and an Australian Leadership Award (2007)) and is currently undertaking a PhD in adult consciousness and leadership development.

Dr Lynn Arnold AO keynote Speaker at Assembly

Lynn Arnold, AO is an Anglican deacon and a former Australian politician, who was the Labor Premier of South Australia between 4 September 1992 and 14 December 1993.

After leaving politics, Arnold worked for World Vision from 1997 to 2007, and for Anglicare SA since March 2008. In November 2013 he was ordained a deacon of the Anglican Church.

On 8 December 2007 the Anglican Archbishop of Adelaide, the Most Revd Jeffrey Driver, announced Dr Arnold's appointment as Chief Executive of Anglicare SA. He was in this role from 18 March 2008 to 30 June 2012, after which date he was exploring ordination to the Anglican priesthood. He was ordained deacon in Adelaide in November 2013.

This year's Assembly is focussing on collaboration between clubs and planning to achieve goals in each Portfolio. There are streams prepared for Club Committees for each avenue of service and also Club Officers.

"Talking as a group gives insight to other clubs and their involvement in programs that can be achieved." – Judy Shipp, President, Holdfast Bay

Newer members are also welcome, with a dedicated stream for newer members of Rotary.

A reminder that registration forms are available from Club Secretaries and Presidents-Elect and registration closes on 25 April. If you have any questions, or are unable to commit by 25 April, please contact District Trainer, Damian Leach, on 0438 294 564, or at d9520.training@gmail.com.

BUILDING HANDS FOR LANDLINE VICTIMS

The Facts

There is estimated to be 384,000 people with one or two hands missing from landmine accidents, most are children

There are still 120 million landmines still set in the world, most are in Vietnam, Laos and Cambodia.

Landmines are being cleared at a rate of 100,000 per year. At this rate it will be 1200 years before all landmines are cleared.

This is an opportunity for all Rotarians and other community minded people to work together and give a disabled person in a developing country a chance at life.

There are 10 hands in each kit, and each kits costs \$3000.

It takes two people about two hours to construct one hand.

A Facilitator can attend for free within Australia to assist with training.

Here are some ideas for you to use when you are describing Rotarians.

Research conducted among Rotary members worldwide revealed insights about who we are:

- Rotary members are responsible leaders, both socially and ethically. We define leadership by mindset and approach, not labels or titles.
- Connecting with each other and our communities will always be the driving force behind Rotary.
- Rotary affects local communities on a global scale to create lasting change.

We found our voice:

- Smart — we are insightful and discerning
- Compassionate — we tackle community challenges with empathy and understanding
- Persevering — we find lasting solutions to systemic problems
- Inspiring — we encourage others to take action, conveying hope, enthusiasm, and passion

We defined three core ideas to help you describe Rotary to a new audience:

- Rotary joins leaders from all continents, cultures, and occupations.
- Rotary exchanges ideas, bringing our expertise and diverse perspectives to help solve some of the world's toughest problems.
- Rotary takes action to bring lasting change to communities around the world.

Happy.
simply.

D'Arcy Lunn was a key speaker at our recent District Conference at Warrnambool. He will be at Aldinga from mid May until the first week in June , and he would like you to take the opportunity for him to speak at your Club Meeting. Contact d'Arcy at lunny06@yahoo.com.au

Happy, simply - a sustainable lifestyle model and education project.

Debt free - healthy, happy and with lots of friends. Where the best things in life are not things.

- Sustainable living - shelter, food, water, energy, transport, waste, environment
- Community participation - volunteering, active citizenship
- Education - learning, simple sustainable choices, rich experiences and happy, simply!

A model and tangible decisions and actions dedicated to people and planet.

Happy, simply is a showcase of how one person can live happily in almost subsistence and highlight the importance of community and the fulfilment that comes from being an engaged and active citizen. It is not necessarily a model people will adopt in whole but more a display of opportunities to live a more active, engaged and sustainable life. People can choose one or more of the components and move themselves along their own subsistent and Happy, simply spectrum.

The Happy, simply, a sustainable lifestyle model and education project is building its second Happy, simply home this time in Aldinga, South Australia (just near Adelaide)...

A Happy, simply home will take shape in South Australia from mid May to first week of June - please get in touch if you want to be a part of making this happen!

If you can contribute any skills, time, materials, support, please contact us via email – happysimplyhome@gmail.com and keep up to date on the Facebook group if that is what you like: <https://www.facebook.com/groups/happysimplysa/>

An invitation for volunteers to join a Roofing and Water Reticulation Team in the Solomon Islands during July 2014.

To all Plumbers with a desire to work in an International Humanitarian Team Project.

RAWCS is organising a team to travel to Munda, Western Province, Solomon Islands to construct a new roof to the outpatients building of the Helena Goldie Hospital. There will also be a roof fitted to each of two schools down the lagoon, and a complete water reticulation system for the Hospital which will include pipes, tanks, taps and pumps.

The team requires **five** plumbers to join 20 Rotarians from D9570, NR.

Volunteering is the experience of a lifetime. As usual, Volunteers will enjoy the ambience, the culture, the mateship, the satisfaction that comes from humanitarian gestures, because know they are contributing in a project which will not only improve the quality of life but also likely save many in the years ahead.

Dates The team will leave in the first week of July and spend 14 days away.

Cost Will be approx \$2,000 per person to cover return air fares. Internal accommodation is provided in Munda. Be Passport ready and be reminded that ALL tools are on site

For more details contact **PDG Terry Daley RAWCS NR PV Coordinator.**

Dear Readers of The Herald, the letter below from Data Services was published in Edition 35. If your Rotary Club has not received a Credential Certificate email, I bring your attention to paragraph 2 as an alternative to take to Convention. Editor.

ROTARY INTERNATIONAL DATA SERVICES

Dear Rotary Club Officers:

This is an advance notice to let you know that in the effort of saving cost and staying green to our environment, your club's **Credential Certificate(s) for the Sydney, Australia Convention** will be sent to your club via email by 14 March 2014. Upon receipt of this email, please kindly print out the Credential Certificate(s) and give it/them to your delegate(s) to bring along to the Convention.

Duplicate Credential Certificates will not be issued. If your Club does not receive or cannot print out the Certificate(s) please issue a letter to your delegate(s) attending the Convention using your club's letterhead (if available), indicating the name of the delegate(s) and also your club's number of memberships as of 31 December 2013. This letter, signed by club President and Secretary, will be accepted in lieu of the Certificate(s) on site at the Voting Delegate Booth.

Sincerely, Kenneth Wright, Manager, Data Relations
