GOOLWA WHARF AND PORT ELLIOT ROTARY MARKETS

The Rotary Club of Encounter Bay began managing the Goolwa Wharf and Pt Elliot Markets in January 2014. Since then they have progressively improved many aspects of these markets and this is reflected in the financial figures. In 2015/16 they managed 59 markets over the 2 sites and 18 members from this club contributed 1947 hours of volunteer work. The amount raised to date (Jan 2014-June 2016) from this project = **\$187,780**. These markets have given the club a great opportunity to demonstrate the work of Rotary with local and overseas fund distribution.

Indigenous Health Scholarships

It was in 1999 that the late **Geoff Bailey** OAM from RC of Mitcham, floated with his fellow club members, the idea of creating a Scholarship that would support Indigenous Medical Students through their medical studies to become doctors and then be able support and improve the health outcomes of their own people. Geoff had worked around indigenous people as a pharmacist in Pt Augusta and was acutely aware that Aboriginal and Torres Strait Islanders do not benefit from mainstream health services to the same extent as other Australians.

Geoff also approached the **Minister for Human Services** - the **Honorable Dean Brown** and proposed that if Rotary contributed \$2,500 toward an Indigenous Health Scholarship would the SA Government match that contribution. The Government agreed and the Indigenous Health Scholarship Program began in 2000 with 2 students growing to 14 within 2 years.

In 2003, Australian Rotary Health took over the administration of the Project, expanded it nationally and widened the range of health degrees. To date, almost **200** scholars have graduated into the workforce - 1/4 of these have been from SA.

On Tuesday 5th July, eight Indigenous Health Scholarships were awarded to selected indigenous students at an Induction ceremony held at the Department of Health. Students and their respective sponsors who support the scholarship to the amount of \$2,500pa are:

- * Taryn Poole - RC Waikerie
- * Sandra Lawrie - RC Blackwood
- * Shanamae Davis - RC Yankalilla
- * Sharmaine Williams - RC Hyde Park
- * Dustin McGregor - RC Stirling
- * Talisha King - RC Mitcham
- * Patricia Lawson - Chinese Medical Assoc.
- * Gemma Warner - Dr Helen Sage.

Total number of students supported by D9500 & D9520 clubs and sponsors is **24** with **5** Graduations due in August. For more information on the program visit ARH website or contact:

Who in the Advertiser Wednesday 13th July said.....

“one of my big passions is Rotary, so we are raising awareness about the work they do here and back in England”

Mina Ward member of Magill Sunrise

If you have seen a lonely swimmer inching their way between the Grange and Henley jetties during the past few months, it was probably Mina.

Mina's quest to swim the English Channel in August has her in the icy water for up to six hours at a time, clocking up to 50km a week.

Originally from Gloucester in England, Mina will take on the challenge with her sister, Bridget, who still lives in the UK.

Good Luck Mina

Is your club looking to take part in an International project in 2017 ?

Do you want the opportunity to travel and have a hands on experience in Cambodia? The Rotary Club of Kent Town is looking for Rotary Clubs to join them to help finance and participate in a diverse long term sustainable project in Battambang and Pallin Cambodia.

The project is in partnership with Adelaide based not-for-profit advocacy and development organisation, The 2h Project headed by Kate Taylor. We will be primarily raising funds to purchase farm equipment and finance University degrees for **Midwifery students**. But it's not just providing money, how would you like to get your hands dirty at the farm in Pallin, attend a screening program at a local village, interact with the Cambodian people and assist in the diagnosis of common eye problems that cause blindness? Observe basic eye surgery operations as a result of that screening and witness the joy of some people seeing for the first time in years. If your club would like to be part of this exciting International project contact **Phil Luke** International Director Rotary Club of Kent Town plpluke@gmail.com

Food Standards Australia New Zealand is responsible for developing, varying and reviewing standards for food available in Australia and New Zealand.

District Risk Officer Nigel Woolmer would like all clubs to become familiar with the standards on their website <http://www.foodstandards.gov.au/>

There are a range of fact sheets under the section **Information for charities and Community Organisations** which all club Risk Officers and members should find useful including :

- Labelling,
- Temperature Control
- Sausage Sizzles and Barbeques
- Preparing and cooking food
- Health and Hygiene for Food Handlers

FOOD FOR THOUGHT

The Dalai Lama was asked what surprised him the most.

Man - because he sacrifices his health in order to make money.

Then he sacrifices money to recuperate his health.

And then he is so anxious about the future that he does not enjoy the present,

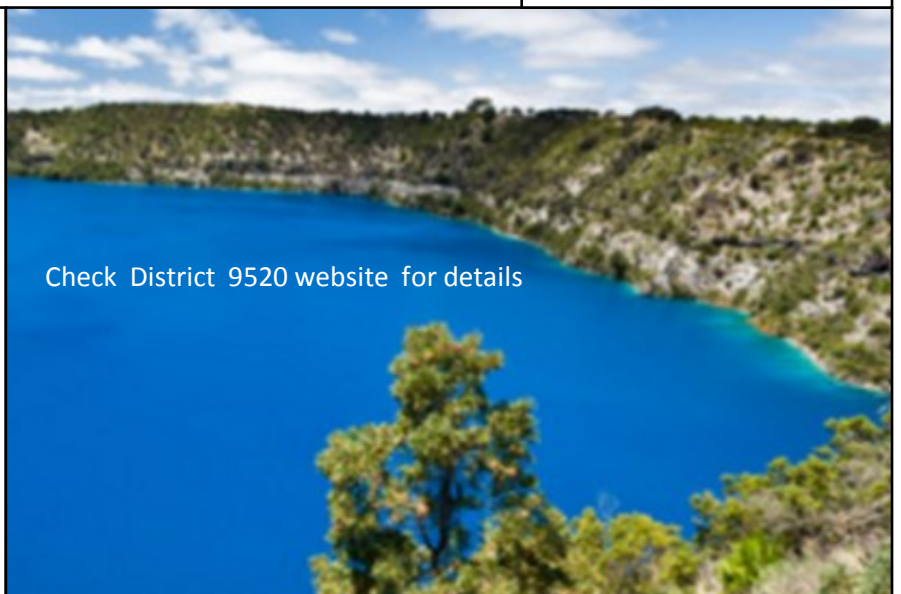

the result being that he does not live in the present, or the future,

he lives as if he is never going to die and then he dies having never really lived.
